***Ethical Obligations and Decision Making in
Accounting Feb 27 2020 Ethical Obligations and
Decision-Making in Accounting gives students a
robust ethical framework that is crucial for
accountants in the post-Enron era. Incorporating
the principles of the AICPA code and other systems
of ethics, Mintz and Morris show accounting
students how a commitment to ethics can enable
accounting professionals to meet their ethical
obligations both to investors and creditors. No other
book so comprehensively examines the elements of
the financial reporting system - including the ethics
of the internal control environment and the
effectiveness of board of director and audit
committee oversight - that determine the ethical
standard of the accounting process.***

Principles of Accounting Volume 1 - Financial Accounting Nov 29 2022 The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929.

Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student.

Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.
